

# Abdelhaq Laachari

## Full Stack Developer

abdelhaqlaachari@gmail.com

Motivated Software Engineer with expertise in web and mobile application development, specializing in modern frameworks like React Native, Next.js, and Node.js. Skilled in delivering client-focused solutions, collaborating in dynamic team environments, and solving complex problems efficiently. Proficient in time management and adaptable to evolving challenges.

## EXPERIENCE

AUG 2023 – PRESENT

### Self-Employed | Web Developer (Freelance), Morocco:

Delivering client-focused solutions with Node.js and Next.js, I specialize in efficient, high-quality applications. My frontend and backend expertise, paired with strong collaboration skills, ensures streamlined project completion and client satisfaction.

Mai 2023 – Jul 2023

### Full Stack Engineer at Neuronet, Casablanca - Morocco:

- Developed code following common security practices.
- Created new features in various languages using Agile/Scrum methodology.
- Developed front-end user interfaces using React Native and JavaScript for iOS and Android mobile applications.
- Built a backend API for data storage using NodeJS and Express framework.

Jun 2022 – Aug 2022

### Internship at P-Curiosity LAB - Mohammed VI Polytechnic University, Ben Guerir - Morocco:

- Development of the United platform from scratch. United is a platform that helps people affected by cancer by providing them with resources, support, and information.
- Technologies Used: Next.js, Nest.js, MongoDB.

2021 – 2023

### Web and mobile development at Youcode (Apprenticeship ), Safi - Morocco:

Developed practical skills in web and mobile development by completing over 8 full-stack projects using React.js and Node.js, including designing and implementing RESTful APIs. Delivered 4+ mobile applications with React Native, focusing on performance and usability. Gained hands-on experience with Agile methodologies, enhancing collaboration and development efficiency. Mastered interview preparation and presentation techniques in a simulated professional environment.
